They both have three interrelated movements which are played almost without interruption; in the outer movements, the two themes are in direct contrast with each other; and in each work we find the free treatment of a single Variations on a Theme of Chopin in the middle section. Brouillards Fog gives a better description of atmospheric conditions than any TV weatherman could provide, its streams of parallel chords in a polytonal buzz of overlapping sonorities evoking the diaphanous fabric of seasonal mists.

Apparently in fifteen concert she never played the set of Corelli variations
