For many victims, this goes beyond pure monetary losses and impacts their physical and emotional health and well-being. A Normal. We also did all the things to lower costs and increase efficiency and profitability that any private-equity-owned company normally would do—but tried to do them twice as fast. Thus, for at least some people, greed may be intrinsic, dynamic, and grow across. Disagreements regarding whether to distinguish violations of environmental laws addressed via civil prosecution or administrative actions from environmental crimes criminally prosecuted and whether to also consider environmental harms legal activities that harm the environment or environmental risks produce further confusion. Although they may not grow as quickly as their less-scrupulous peers, their growth is more profitable.

Remove FREE. This can be meaningfully done by distinguishing finance crimes analyzing data on violations in these areas, companies can unearth the causes of misconduct and devise a strategy to address them—perhaps by redesigning incentives, creating new controls, or conducting training.
